IntegriSure offers cyber insurance at a very affordable premium. This cover protects you against online identity and financial theft, among others. Cyber insurance is as important as home or motor insurance in a modern-day insurance portfolio. You have an option between the Giga and Tera package with the difference being that the Tera package provides higher cover limits as well as an online sales and shopping benefit.

Added benefits available to you

- You will be compensated for the direct financial loss incurred when online shopping.
- Cover for identity theft when reported within 72 hours of discovery.
- Enjoy cover for incidents that occur anywhere in the world.
- Cover for theft of funds when reported within 72 hours.
- Cyber insurance for your business.
- 24/7 telephonic cyber assistance.
